

GERYGONE 260

A modern single-story house with a dark corrugated metal roof. The exterior features a combination of white horizontal siding, a brick base, and a large white garage door. The front entrance has a white door with a glass insert. To the right of the door is a large window with multiple panes. The house is surrounded by lush green landscaping, including bushes and trees. A paved driveway leads to the garage, and a sidewalk runs along the front of the property. The sky is clear and blue.

Renders are for indicative purposes only and standard facade is included in base price.
